Historic Photographs of Table Rock Cemetery**

Detail from an undated Decoration Day photograph showing the steps that were added in 1920, as described by J. C. Layden, History of the Table Rock Cemetery. *Family photograph of Brad Bowen, digital copy donated to Table Rock Historical Society.*

Below, the cemetery is on the rise to the left of the road. The cedar trees planted in 1894 are evidence across the east side of the cemetery. This is a detail of a photograph taken from the water by Arvid Blecha in 1941. *Photograph in the collection of the Table Rock Historical Society.*

2017 Dedication of military tombstone for William McNeal, one of the earliest settlers. He died in the Civil War and lies in an unknown grave. A cenotaph was dedicated in 2017, the ceremony beginning with a riderless horse led to the west on the center road of the cemetery. The U. S. Army provided a funeral detail to assist in a ceremony led by the Sons of Union Veterans of the Civil War. *Photographs below by Harry Griebeling.*
